

# Biological Sciences Summer Research Award Application

Last Name:

First Name:

HSU Student ID:

Major:

Question #1: Why did you choose to major in the Biological Sciences?

Question #2: What would you like to do when you graduate? How will the Biological Sciences Summer Research Award help you achieve this goal?

Question #3: Is there a specific topic you would like to research this summer?

Question #4: Is there a specific faculty member you are interested in working with? If so, explain why.

Question #5: Have you been to the Biology Core Facility or Biology Stockroom? If yes, do you have a preference as to which facility you would to work in? If so, explain why.

Question #6: Describe something you've learned in **one** of your lower division courses that you found especially interesting and explain why. (Botany 105, Biology 105, Zoology 110, Chemistry 109, Chemistry 110, or Math 110).

Question #7: Describe a concept presented in one of your lower division courses that you found challenging to learn. What did you do to seek help?

Question #8: Identify an upper division majors course you are interested in taking and explain why.

Question #9: Provide the grade you earned in each lower division major course you have completed.

If you received AP or transfer credit for one of these courses, please note that by typing AP and including the score you received. For example, if I received a 4 on the AP Biology exam, I would enter AP 4 for Biology 105.

If you have not yet taken one of these courses, please state the semester you plan to take it. For example, if I plan to take Chemistry 110 fall semester 2021, I would type F'21.

<b>Course</b>	<b>Grade Earned</b>
Botany 105	
Biology 105	
Zoology 110	
Chemistry 109	
Chemistry 110	
Math 105 or Math 109	
Statistics 108 or Statistics 109	

Question #10: Do you plan to return as an HSU Biology Major Fall '21?
