USDA Internship Workshop

Natural Resource Career Development Program (NRCDP)

Friday, September 22nd
2:00 - 3:00 PM
Siemens Hall Room 109

The **USDA** focuses on providing support to landowners backed by **science and research**. The Natural Resources Conservation Service (NRCS) helps American farmers, ranchers, and forest landowners make **conservation** work for them.

- Become aware of various career opportunities within your field.
- Learn about NRCDP and NRCS Pathways Programs.
- NRCDP and Pathways are paid 8-week summer internship programs.
- These internships are designed to help students obtain permanent federal positions upon graduation.
- Learn how to apply for government positions on USAjobs.gov.
- **Gain a competitive edge!**

USDA Internship Workshop

Natural Resource Career Development Program (NRCDP)

ATTENTION:
BOTANY, ENGINEERING, RANGELAND RESOURCE SCIENCE, & OTHER NATURAL RESOURCES MAJORS

Interested in a career in public service?

Then join us for a workshop with the National Resource Conservation Service [(NRCS)](#) this **Friday, September 22nd at 2:00 PM** to learn about great career opportunities and their paid summer internship programs.

The NRCS is a USDA agency that provides technical and financial assistance to farmers, ranchers and forest landowners in support of environmental conservation.

As a federal agency the NRCS offers many well-paid career opportunities for those with a background and interest in agriculture, land management, environmental conservation, and agribusiness.

The NRCS is on a recruitment drive to fill career vacancies and to recruit students into their Pathways and NRCDP internship programs.

They are seeking to recruit Cal Poly Humboldt students for paid internships in **summer 2024**. These programs are open to all students with a **minimum 2.5 GPA**. Interns must have a reliable vehicle. Applicants who are fluent in Spanish or interested in working with Hispanic communities are highly encouraged to apply.
