

# **APPLICATION FOR THE GREGORY MARK JENNINGS BOTANY AWARD**

**Cover Sheet** (use the form on the next page) Signature of major professor is required!

## **Description of Research**

This section should provide a brief statement of your research objectives, methodology, and major findings, and should describe the broader significance of your work. Write your narrative using language that will be accessible to lay people as well as scientists.

## **Proposed Budget**

Provide a detailed budget for the funds you are requesting.

- If you are requesting funds to cover publication costs, include the name of the journal, the title of your article(s), the date(s) of submission, and relevant documentation of current page charges, costs for printing color plates, etc. Note that you can apply for funds before your paper is accepted for publication, but that funds will be made available only after you provide evidence of submission.
- If you are requesting support for travel to a professional meeting, include the name of the organization holding the meeting, the place and dates, and the title of your talk. Receipt of the Award is contingent upon being accepted and evidence of presentation at a professional meeting.

## **Curriculum Vitae**

- One page limit
- Date of matriculation as a Classified Graduate Student in the Department
- List of courses attempted, completed, and grades earned
- Relevant research experience
